PROFILE

I aspire to become a data analyst, and I am a self-motivated, self-taught analyst. I have completed the Google Data Analytics Course Certification and have successfully undertaken projects and internships. Through these experiences, I have gained expertise in data exploration, cleaning, manipulation, and visualization. I am proficient in Excel, SQL, Tableau, R programming, and Python. I am eager to acquire new skills and stay updated with emerging technologies to effectively apply them in my work. I maintain a growth mindset and am committed to continuous learning. I am excited to apply my passion for problem-solving and my ability to learn quickly to tackle complex data challenges.

CERTIFICATE:

Google Data Analytics Professional Certificate on Coursera

Introduction to Python for data science on Microsoft Learn

Front-End Web UI Frameworks and Tools: Bootstrap 4 on Coursera

EXPERIENCE

Data Analyst Virtual Internship

➤ TATA

Aug 2023
